DETAILED ACTION
EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: in claim 15 line 1 delete "1" after "claim" and insert -----4-----.

Allowable Subject Matter

1. Claims 2-20 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art cited does not teach in combination a translucent fiber optic core , at least one light source for transmitting light through the core, at least one externally disposed elongate component of translucent rope surrounding and enclosing the t least one translucent fiber optic core diffusing light emitting therefrom and having a continuously and uniform lighted appearance, the light source being disposed at the end of the at least one translucent fiber optic core. Although Tjonneland discloses a rope structure on the inside of a side radiating cable made of fiber optic strands and Conti discloses a lighted line with an EL device on the inside and a rope structure surrounding the EL device, sufficient motivation was not found to combine the references to anticipate the instant

invention since the light structure included with the fiber optic strand is not directly taught by either reference.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
